

HaCAL ongoing work

- Welcome to Dr Clarissa Giebel our new Research Fellow, moved from MIDAS to our theme
- We have adapted some elements for COVID19 and post COVID19:
 - Serious Illness Discussions/End of Life- Dr Stephen Mason
 - Social Prescribing programme development Drs Katherine Abba and Nadja van Ginneken
 - Low Carb Community Diet support programme- linked to theme Dr Joe Rylands NIHR academic training fellow, supported by CRN and Central Liverpool PCN
- Cochrane review- on hold- may not be feasible to re-start

HaCAL COVID19 work

- COVID-LIV projects in Social Science- supporting main virology study
 - Sampling frame CLAHRC Neighbourhood survey +
 - Area A Household Survey (Corcoran)
 - Area B on COVID19 Risk (Gabbay, Ring, Abba, Goodall)- three levels:
 - Strand 1 Households (~3 at two timepoints)
 - Strand 2 Community development and support staff and teams
 - Strand 3 Local Employers incl care homes, 3rd sector, commercial etc
 - Muslim Community (Hassan)
