

**TAKE PART IN
THE PARENT
STUDY**

**We want to hear
from you!**

**Did you have contact with a health visiting
service during COVID-19?**

What is the PARENT study about?

The PARENT Study (PARents' Experiences of Telehealth and health visiting) is aiming to understand more about parents' experiences of health visiting during COVID-19.

We want to learn about experiences of speaking to members of a health visiting team over the phone or on a video call platform.

WHAT IS INVOLVED AND WHO CAN TAKE PART?

Taking part involves completing a short online questionnaire using the links below, it should take about 10-20 minutes.

If you are over the age of 18, live in the North of England, and had contact over the telephone or a video call with someone from your health visiting service between March 2020 and May 2023.

At the end of the questionnaire you can enter into a prize draw to win one of ten £20 LOVE2SHOP Vouchers

If you would like to participate please click on the link below or scan the QR code!
